

Church Technical Director

JOB STATUS: Full-Time

REPORTS TO: Executive Pastor | Worship Pastor (works closely with our Communications Director)

RELATES CLOSELY WITH: Worship Pastor, All Pastors, Leaders, and Volunteers

***** We are willing to train the right person up in the areas that may not be the candidate's area of expertise*****

Are you passionate about using technology to enhance the worship experience for a diverse and dynamic congregation? Do you have a deep understanding of sound and lighting equipment and know how to effectively manage a team of volunteers to deliver high-quality productions? If so, we invite you to apply for the role of Church Technical Director at our thriving community-focused, multi-campus church in beautiful Kelowna, British Columbia.

You will:

- Oversee and manage all technical aspects of worship services, events, and productions, including audio, video, lighting, and streaming services.
- Collaborate with worship leaders, pastors, and other staff members to create dynamic and engaging worship experiences that reflect the church's vision and values.
- Recruit, train, and manage a team of volunteers to ensure smooth and efficient execution of technical duties.
- Develop and maintain an inventory of equipment and supplies, ensuring that all equipment is properly maintained and updated as needed
- Develop and implement policies and procedures to ensure the safety and security of all technical equipment and facilities
- Work with external contractors and vendors as needed to support church events and productions

We will:

- Encourage you to use your other areas of gifting.
- Provide excellent opportunities for you to grow through mentorship and ministry development.

- Pay you a competitive salary with extended benefits, pension, cell phone allowance and professional/ministry development bursaries.
- Encourage you to live a balanced ministry life – we value rest, having fun and vacations!

Need-to-Have:

- A passion for, and a sincere love for Jesus
- A certificate from a recognized audio or video program or the equivalent life/ministry experience
- Minimum of 3 years of experience in technical production in a church or similar setting
- Strong knowledge of sound and lighting equipment, as well as video production and projection
- Experience managing and training volunteers, and the ability to build and maintain a strong team culture
- Self-motivated and take the initiative with strong administrative and organizational skills.
- Excellent communication and interpersonal skills, with the ability to work collaboratively with diverse groups of people

Bonus-to-have:

Experience in Information Technology to support our computer systems.

If you are a creative, self-motivated individual who is excited about using technology to enhance worship experiences, then we want to hear from you. We offer a competitive salary package and the opportunity to work with a vibrant and supportive community of volunteers and staff.

To apply, please submit your resume and cover letter, along with a portfolio of your work, showcasing your technical skills and experience.

Closing Date: May 31. 2021
